Stephanie has a life-long dream of running in the Olympics, one that guides her through the trials of young adulthood. Yet when a tragic accident threatens to take away her ability to run, she must rise from the ashes of despair or succumb to them. Michael has loved Stephanie since the moment they met in kindergarten, though she has always insisted that they be just friends. When a horrifying incident changes the way that Stephanie sees Michael, it turns their relationship on its head. Amaya is Stephanie's best friend who also just happens to be as boy crazy as they come. She has a major crush on Corey. The only problem is that Corey isn't the boyfriend type. When things get serious between them, Corey makes a decision that will devastate Amaya. Corey has always had the chips stacked against him. Loving Amaya is the one good thing he's ever done, except that it terrifies him. After hurting Amaya deeply, he has a decision to make, one that could give them hope for a future or set them on a course that would hurt them both.

LISTENING . . . THE KEY TO BECOMING A TRANSFORMATIVE SCHOOL LEADER The Listening Leader is a practical guide that will inspire school, district, and teacher leaders to make substantive change and increase equitable student outcomes. Rooted in the values of equity, relationships, and listening, this luminous book helps reimagine what is possible in education today. Drawing from more than twenty years of experience in public schools, Shane Safir incorporates hands-on strategies and powerful stories to show us how to leverage one of the most vital tools of leadership: listening. As a Listening Leader you'll feel more confident in these core competencies: Cultivating relationships with stakeholders Addressing equity challenges in your organization Gathering student, staff, and parent perspectives as rich data on improvement Fostering a thriving culture of collaboration and innovation The Listening Leader offers a much-needed leadership model to transform every facet of school life, and most importantly, to shape our schools into equitable places of learning. As Michael Fullan writes in the Foreword, "Read it, act on it, and reap the benefits for all." "This book is a 'must have' for any leader trying to move the needle on equity. Drawing from her lived experience as a principal and leadership coach, Safir offers stories that give insight and practical strategies that get results. It's one you'll keep coming back to." —Zaretta Hammond, author of Culturally Responsive Teaching and the Brain" The Listening Leader immediately changed the way I interact with students, teachers, families and community members." —Tamara Friedman,
assistant principal, Berkeley High School "Shane Safir has written a brilliant book. As engaging as it is informative and as revelatory as it is relevant. It is a must-read for school leaders and those who aspire to lead." —Chris Emdin, associate professor of science education, Teachers College, Columbia University; author of For White Folks Who Teach In the Hood and the Rest of Ya'll too

An addictive new drug fuels superhuman strength and speed in this action-packed sci-fi thriller that will have fans of Scott Westerfeld and Marie Lu on the edge of their seats. Only those young enough can survive tetra, a dangerous drug that creates a pulse-pounding rush of enormous strength and incredible speed. Seventeen-year-old Alana West has been trained to use tetra so she can pursue the young criminals who abuse its power—criminals like the one who nearly killed her kid brother. On tetra, Alana is unstoppable—an explosive blur as she surges through New York City. But with the clock ticking down to her eighteenth birthday, Alana will soon be too old for the rush . . . when just one more dose will prove deadly. Supported only by her steady handler, Tucker, Alana goes undercover, infiltrating an elite gang of breaknecks to stop their supply of the drug. But when Alana gets trapped on the wrong side of the law, she learns the breaknecks are not quite what they seem—especially Ethan, the boy who seems to see the truth inside her. With her dependency on tetra increasing, Alana must decide where her loyalties lie, before the rush ends. Forever.

REVISED AND UPDATED WITH NEW RESEARCH INTO EQ AND PERSONAL AND CAREER SUCCESS What is the formula for success at your job? As a spouse? A parent? A Little League baseball coach or behind the bench of a minor hockey team? What does it take to get ahead? To separate yourself from the competition? To lead a less stressful and happier existence? To be fulfilled in personal and professional pursuits? What is the most important dynamic of your makeup? Is it your A) intelligence quotient? or B) emotional quotient? If you picked "A", you are partly correct. Your intelligence quotient can be a predictor of things such as academic achievement. But your IQ is fixed and unchangeable. The real key to personal and professional growth is your emotional intelligence quotient, which you can nurture and develop by learning more about EQ from the international bestseller The EQ Edge. Authors Steven J. Stein and Howard E. Book show you how the dynamic of emotional intelligence works. By understanding EQ, you can build more meaningful relationships, boost your confidence and optimism, and respond to challenges with enthusiasm—all of which are essential ingredients of success. The EQ Edge offers fascinating—and sometimes surprising—insights into what it takes to be a top law-enforcement officer, lawyer, school principal, student, doctor, dentist or CEO. You will learn what the top EQ factors are across many different kinds of jobs, from business managers and customer service representatives to HR professionals and public servants. The EQ Edge will help you determine which personnel are the right fit for job opportunities and who among your staff are the most promising leaders and drivers of your business. And because all of us have other roles—parent, spouse, caregiver to aging parents, neighbor, friend-The EQ Edge also describes how everyone can be more successful in these relationships. "Finally, a practical and usable guide to what emotional intelligence is all about. This book peels the onion on what EQ really is and teaches the reader to assess their own EQ and how to increase it. This is the holy grail for career success."—Michael Feiner, Professor, Columbia Graduate School of Business and author of The Feiner Points of Leadership

The murdered Mexican singer's husband shares his recollections and memories of their relationship, both personal and professional, and clarifies certain misconceptions about her life and death.
"Merging real stories with theory, research, and practice, a prominent scholar offers a new approach to teaching and learning for every stakeholder in urban education. Drawing on his own experience of feeling undervalued and invisible in science classrooms as a young man of color, Christopher Emdin offers a new lens on and approach to teaching in urban schools. Putting forth his theory of Reality Pedagogy, Emdin provides practical tools to unleash the brilliance and eagerness of youth and educators alike—both of whom have been typecast and stymied by outdated modes of thinking about urban education. With this fresh and engaging new pedagogical vision, Emdin demonstrates the importance of creating a family structure and building communities within the classroom, using culturally relevant strategies like hip-hop music and call-and-response, and connecting the experiences of urban youth to indigenous populations globally"—

An album-by-album account of working with iconic artists such as Anthony Kiedis, Michael Stipe, Gord Downie, and Bono, from a leader in the field Mark Howard, a record producer/engineer/mixer and a trailblazer in the industry, will take you through the star-studded world of recording and producing Grammy Award–winning artists. Listen Up! is an essential read for anyone interested in music and its making. Along with the inside stories, each chapter gives recording and producing information and tips with expert understanding of the equipment used in making the world’s most unforgettable records and explanations of the methods used to get the very best sound. Listen Up! is both production guide and exclusive backstage pass into the lives of some of the planet’s most iconic musicians. Writing with his brother Chris Howard, Mark Howard provides a rare glimpse into the normally invisible, almost secretive side of the music story: that of the producer and recording engineer.

This wise, eloquent, and practical book illuminates the nature of self-compassion and offers easy-to-follow, scientifically grounded steps for incorporating it into daily life. Vivid examples and innovative exercises make this an ideal resource for readers new to mindfulness.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of
revealatory experiences, from Howard University to Civil War battlefields, from the South Side of
Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s
lives were taken as American plunder. Beautifully woven from personal narrative, reimagined
history, and fresh, emotionally charged reportage, Between the World and Me clearly
illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way
forward.

This is the 15th annual edition of the Bibliography of Nautical Books, a reference guide to over
14,000 nautical publications. It deals specifically with the year 2000.

Miles McPherson, founder of The Rock Church in San Diego, presents “a discussion about
race that we desperately needa must read” (Bishop T.D. Jakes, Senior Pastor, The Potter’s
House) and argues that we must learn to see people not by the color of their skin, but as God
sees them—humans created in the image of God. Pastor Miles McPherson, senior pastor of
The Rock Church in San Diego, addresses racial division, a topic many have shied away from,
for fear of asking the wrong question or saying the wrong thing. Some are oblivious to the
impact racism has, while others pretend it doesn’t exist. Even the church has been affected by
racial division, with Sunday now being the most segregated day of each week. Christians, who
are called to love and honor their neighbors, have fallen into culture’s trap by siding with one
group against another: us vs. them. Cops vs. protestors. Blacks vs. whites. Racists vs. the
“woke.” The lure of choosing one option over another threatens God’s plan for unity among
His people. Instead of going along with the culture, Pastor Miles directs us to choose the Third
Option: honoring the priceless value of God’s image in every person we meet. He exposes
common misconceptions that keep people from engaging with those of different racial and
ethnic backgrounds, and identifies the privileges and pitfalls that we all face. The Third Option
challenges us to fully embrace God’s creativity and beauty, as expressed in the diversity of
His people. By following the steps and praying the prayers outlined in his book, Pastor Miles
teaches us how we can all become leaders in unifying our communities, our churches, and the
nation.

One day Sophie comes home from school to find two questions in her mail: "Who are you?"
and "Where does the world come from?" Before she knows it she is enrolled in a
correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique
novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

RETRIBUTION - Harry Starke Book 7 "I'm a fighter. I believe in the eye-for-an-eye business.
I'm no cheek turner. I got no respect for a man who won't hit back. You kill my dog, you better
hide your cat." Muhammad Ali They say revenge is a dish best served cold, and maybe it is,
but Harry Starke is already one cold son of a gun, and when someone brutally murders his kid
brother and throws the body into the Tennessee River, that someone had indeed better hide
his cat, and do it quickly.

American offers to pay him to steal two small monkey figurines, a suspicion that becomes all-
too-real when his employer is nearly beaten to death.

Matthew, a twenty eight year old insurance salesman, has his life dramatically altered when he glimpses a beautiful woman sitting next to him on a park bench during his lunch hour. From that moment forward, he fantasizes about a life with "Bench Woman." At the same time he develops a promising relationship with Claire, his co-worker. In the end, Matthew must choose between his fantasy relationship and his real one.

Drawing on more than four decades of experience as a researcher and teacher, Howard Becker now brings to students and researchers the many valuable techniques he has learned. Tricks of the Trade will help students learn how to think about research projects. Assisted by Becker's sage advice, students can make better sense of their research and simultaneously generate fresh ideas on where to look next for new data. The tricks cover four broad areas of social science: the creation of the "imagery" to guide research; methods of "sampling" to generate maximum variety in the data; the development of "concepts" to organize findings; and the use of "logical" methods to explore systematically the implications of what is found. Becker's advice ranges from simple tricks such as changing an interview question from "Why?" to "How?" (as a way of getting people to talk without asking for a justification) to more technical tricks such as how to manipulate truth tables. Becker has extracted these tricks from a variety of fields such as art history, anthropology, sociology, literature, and philosophy; and his dazzling variety of references ranges from James Agee to Ludwig Wittgenstein. Becker finds the common principles that lie behind good social science work, principles that apply to both quantitative and qualitative research. He offers practical advice, ideas students can apply to their data with the confidence that they will return with something they hadn't thought of before. Like Writing for Social Scientists, Tricks of the Trade will bring aid and comfort to generations of students. Written in the informal, accessible style for which Becker is known, this book will be an essential resource for students in a wide variety of fields. "An instant classic. . . . Becker's stories and reflections make a great book, one that will find its way into the hands of a great many social scientists, and as with everything he writes, it is lively and accessible, a joy to read."—Charles Ragin, Northwestern University

In the darkness beyond life, something stirs. Now a childless mother must decide how far she will go to protect her dead daughter. Behind the oppressive reality of abuse, depression and suicide, there is light on the edge of the darkness. "The Devourer" is a psychological horror novel that goes beyond the classic paranormal genre.

How to build wealth with passion and purpose The power to create great wealth is already within you. But monetizing that raw energy doesn't happen by itself. As Christopher Howard shows, building great wealth is a dual process. It begins by identifying your passion—the things you truly and deeply care about, whatever they may be. Next, passion needs to be endowed with purpose: a clearly defined vision of the future you intend to create. Once this happens, money is simply the natural reward. When you bring the value of passion and purpose to the marketplace, financial prosperity is the instant result. It's like awakening to a new reality—not just for yourself, but for everyone who shares in your success. And make no mistake: sharing is a key element in the success of Bill Gates, Oprah Winfrey, Richard Branson, and the other billionaire entrepreneurs Chris introduces in these pages. Instant Wealth—Wake up Rich! proves that ultimate success is by no means a matter of selling out principles in order to become rich. On the contrary, it's becoming rich in order to bring that riches to the world. As a true entrepreneur himself, Christopher Howard has put these lessons to work in the creation of his own fast-growing international business. What's worked for him—and for so many other
hugely successful entrepreneurs—can work for you too. All it takes is passion, purpose, and waking up to instant wealth.

Are you crazy? Do you dream about the person you'd like to be? Is there another you inside who knows you can make a difference in your career or live the life you've always wanted? This book lays out the rules for success—with the perspective that being a little "off" might be the secret. History shows that the people who end up changing the world are considered nuts—until they're successful. Then they're geniuses! Learn how to live out loud, and remember—impossible is only an opinion. Success & Lunacy - What's the Connection? suggests that most people have lost their way on the journey of life in today's fast paced world. This engaging book shows how conformity can make you invisible to a world that doesn't seem to care. It provides exercises and examples to help you find your true potential and live the life you were born to experience. It's time to stop fitting in when you were born to stand out!

This IBM® Redbooks® publication describes visual development, visualization, adapters, analytics, and accelerators for IBM InfoSphere® Streams (V3), a key component of the IBM Big Data platform. Streams was designed to analyze data in motion, and can perform analysis on incredibly high volumes with high velocity, using a wide variety of analytic functions and data types. The Visual Development environment extends Streams Studio with drag-and-drop development, provides round tripping with existing text editors, and is ideal for rapid prototyping. Adapters facilitate getting data in and out of Streams, and V3 supports WebSphere MQ, Apache Hadoop Distributed File System, and IBM InfoSphere DataStage. Significant analytics include the native Streams Processing Language, SPSS Modeler analytics, Complex Event Processing, TimeSeries Toolkit for machine learning and predictive analytics, Geospatial Toolkit for location-based applications, and Annotation Query Language for natural language processing applications. Accelerators for Social Media Analysis and Telecommunications Event Data Analysis sample programs can be modified to build production level applications. Want to learn how to analyze high volumes of streaming data or implement systems requiring high performance across nodes in a cluster? Then this book is for you.

The inspiring, instructive, and ultimately triumphant memoir of a man who used hard work and a Master Plan to turn a life sentence into a second chance. Growing up in a tough Washington, D.C., neighborhood, Chris Wilson was so afraid for his life he wouldn't leave the house without a gun. One night, defending himself, he killed a man. At eighteen, he was sentenced to life in prison with no hope of parole. But what should have been the end of his story became the beginning. Deciding to make something of his life, Chris embarked on a journey of self-improvement—reading, working out, learning languages, even starting a business. He wrote his Master Plan: a list of all he expected to accomplish or acquire. He worked his plan every day for years, and in his mid-thirties he did the impossible: he convinced a judge to reduce his
sentence and became a free man. Today Chris is a successful social entrepreneur who employs returning citizens; a mentor; and a public speaker. He is the embodiment of second chances, and this is his unforgettable story.

One of the Best Books of the Year as chosen by The New York Times, The Washington Post, The Economist, Time, USA TODAY, Christian Science Monitor, and more. “A tale so gripping that one questions the need for fiction when real life is so plump with drama and intrigue” (Associated Press). Doris Kearns Goodwin’s The Bully Pulpit is a dynamic history of the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. The story is told through the intense friendship of Theodore Roosevelt and William Howard Taft—a close relationship that strengthens both men before it ruptures in 1912, when they engage in a brutal fight for the presidential nomination that divides their wives, their children, and their closest friends, while crippling the progressive wing of the Republican Party, causing Democrat Woodrow Wilson to be elected, and changing the country’s history. The Bully Pulpit is also the story of the muckraking press, which arouses the spirit of reform that helps Roosevelt push the government to shed its laissez-faire attitude toward robber barons, corrupt politicians, and corporate exploiters of our natural resources. The muckrakers are portrayed through the greatest group of journalists ever assembled at one magazine—Ida Tarbell, Ray Stannard Baker, Lincoln Steffens, and William Allen White—teamed under the mercurial genius of publisher S.S. McClure. Goodwin’s narrative is founded upon a wealth of primary materials. The correspondence of more than four hundred letters between Roosevelt and Taft begins in their early thirties and ends only months before Roosevelt’s death. Edith Roosevelt and Nellie Taft kept diaries. The muckrakers wrote hundreds of letters to one another, kept journals, and wrote their memoirs. The letters of Captain Archie Butt, who served as a personal aide to both Roosevelt and Taft, provide an intimate view of both men. The Bully Pulpit, like Goodwin’s brilliant chronicles of the Civil War and World War II, exquisitely demonstrates her distinctive ability to combine scholarly rigor with accessibility. It is a major work of history—an examination of leadership in a rare moment of activism and reform that brought the country closer to its founding ideals.

A dazzling eco-thriller set in a terrifying world with some chilling similarities to our own . . . 17-year-old Banyan is a tree builder. Using salvaged scrap metal, he creates forests for rich patrons who seek a reprieve from the desolate landscape. Although Banyan's never seen a real tree--they were destroyed more than a century ago--his missing father used to tell him stories about the Old World. Everything changes when Banyan meets a mysterious woman with a strange tattoo, a map to the last living trees on earth, and he sets off across a wasteland from which few return. Those who make it past the pirates and poachers can't escape the locusts . . . the locusts that now feed on human flesh. But Banyan isn't the only one looking for the trees, and he's running out of time. Unsure of whom to trust, he's forced to make an alliance with Alpha, a beautiful, dangerous pirate with an agenda of her own. As they race towards a promised land that might only be a myth, Banyan makes shocking discoveries about his family, his past, and how far people will go to bring back the trees.

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

"Character" has become a front-and-center topic in contemporary discourse, but this term does
not have a fixed meaning. Character may be simply defined by what someone does not do, but a more active and thorough definition is necessary, one that addresses certain vital questions. Is character a singular characteristic of an individual, or is it composed of different aspects? Does character—however we define it—exist in degrees, or is it simply something one happens to have? How can character be developed? Can it be learned? Relatedly, can it be taught, and who might be the most effective teacher? What roles are played by family, schools, the media, religion, and the larger culture? This groundbreaking handbook of character strengths and virtues is the first progress report from a prestigious group of researchers who have undertaken the systematic classification and measurement of widely valued positive traits. They approach good character in terms of separate strengths—authenticity, persistence, kindness, gratitude, hope, humor, and so on—each of which exists in degrees. Character Strengths and Virtues classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom, courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across the life span, as well as to strategies for its deliberate cultivation. This book demands the attention of anyone interested in psychology and what it can teach about the good life.

"The Student EQ Edge is more relevant today than any other time in the history of our world. Our opportunity to succeed in the 21st century will depend a great deal on our emotional intelligence in our transformation to lifelong learning and our leadership ability. This book is the competitive edge."—Stedman Graham, best-selling author, speaker, entrepreneur

"We have been long aware that academic ability does not necessarily predict college success. This book provides a comprehensive look at emotional intelligence and the role it plays in student persistence. It takes these noncognitive aspects that we know really matter and puts them into a practical, user-friendly guide. This book is long overdue in higher education."—Catherine Andersen, master trainer in emotional intelligence; professor and special assistant to the provost for student success, Gallaudet University

"As important as book learning is, we know that success in life is also dependent upon emotional intelligence. The authors of The Student EQ Edge define emotional intelligence and provide a road map for mastering emotional intelligence skills. I would highly recommend The Student EQ Edge to any high school or college student interested in knowing what it takes to truly succeed both inside and outside the classroom."—Brad Beacham, executive director, Sigma Nu Fraternity, Inc.

"The Student EQ Edge is substantive, readable, and sure to appeal to students both in classes as well as those who are lucky to pick it up for personal development reading. The book is appealing because the research is understandable; numerous examples are integrated throughout, and readers are encouraged to apply what they are reading."—Dennis Roberts, assistant vice president for faculty and student services for the Qatar Foundation

A combination of practical guidance and inspiration on character, relationship to church and pastor, stewardship, missions and more.

This book enables parents and carers of ‘really difficult’ children to help their child succeed and flourish. The nurtured heart approach has helped thousands of families in America who previously felt their child was stuck. This new UK edition reflects parents’ increasing need for effective ways of parenting their intense children without needing to turn to medication.

Stern has interviewed thousands of personalities—discussing sex, relationships, money, fame, spirituality, and success with the boldest of bold-faced names. But which interviews are his favorites? It’s one of the questions he gets asked most frequently. Howard Stern Comes Again delivers his answer. This book is a feast of conversation and more, as between the lines Stern offers his definitive autobiography—a magnum opus of confession and personal exploration. Tracy Morgan opens up about his near-fatal car crash. Lady Gaga divulges her history with cocaine. Madonna reminisces on her relationship with Tupac Shakur. Bill Murray waxes philosophical on the purpose of life. Jerry Seinfeld offers a master class on comedy. Harvey Weinstein denies the existence of the so-called casting couch. An impressive array of creative visionaries weigh in on what Stern calls “the climb”—the stories of how they struggled and eventually prevailed. As he writes in the introduction, “If you’re having trouble finding motivation in life and you’re looking for that extra kick in the ass, you will find it in these pages.” Interspersed throughout are rare selections from the Howard Stern Show archives with Donald Trump that depict his own climb: transforming from Manhattan tabloid fixture to reality TV star to president of the United States. Stern also tells of his Moby Dick-like quest to land an interview with Hillary Clinton in the run-up to the 2016 election—one of many newly written revelations from the author. He speaks with extraordinary candor about a variety of subjects, including his overwhelming insecurity early in his career, his revolutionary move from terrestrial radio to SiriusXM, and his belief in the power of psychotherapy. As Stern insightfully notes in the introduction: “The interviews collected here represent my best work and show my personal evolution. But they don’t just show my evolution. Gathered together like this, they show the evolution of popular culture over the past quarter century.”

This inspirational book was written to empower male survivors of sexual victimization at any age to overcome the effects of trauma and learn to thrive. Male survivors often struggle to feel any sense of hope for the future, so Joining Forces is designed to inspire them and their allies with easily mastered skills developed over the course of psychologist Dr. Howard Fradkin’s 30-year career, and the real-life experiences of other survivors who have learned to thrive. Each chapter invites survivors to dare to dream that they can take another step in their healing process by leaving their isolation behind; challenging their dysfunctional beliefs and replacing them with healthier, functional messages; practicing healing exercises; reading about the struggles and successes of men just like them; and learning how to build hope through the use of affirmations. This book is unique in that it is based on the experiences of over 800 participants in MaleSurvivor Weekends of Recovery. The tools taught during those workshops, plus many more developed through Dr. Fradkin’s clinical experiences, are presented so that each survivor has an opportunity to use coping skills as he faces the challenges of his recovery. Survivors and their allies will learn that they are not alone in their struggles and that others have walked in their path, become stronger, and found a sense of freedom. They’ll read about how to make healthier choices to enhance their relationships, emotional functioning, and job performance and to thrive in their lives.

Waiting in the training room? Have downtime on the field? “Total F*cking Godhead brings Chris Cornell, the voice of a generation, alive on the page. Impressively researched and compulsively readable, Godhead pulls no punches in recounting Cornell’s remarkable life and prolific career. It’s an inspired chronicle of an impassioned soul. Read it!” —Greg Renoff, author of Van Halen Rising With input from those who knew and worked with him—together with his own words—Total F*cking Godhead recounts the rise of Chris Cornell and his immortal band Soundgarden as they emerged from the 1980s post-punk underground to dominate popular culture in the ’90s alongside Pearl Jam, Alice In Chains, and Nirvana. “From his days as a struggling Seattle musician at the forefront of the grunge scene to becoming a global icon, Total F*cking Godhead thoroughly chronicles the life story and prolific output of one of the greatest and most influential singers of all time. You will discover the man and his music all over again.” —David de Sola, author of Alice in Chains: The Untold Story Seattle resident and rock writer Corbin Reiff also examines Cornell’s dynamic solo career as well as his time in Audioslave. He delves into his hard-fought battle with addiction, and the supercharged reunion with the band that made him famous before everything came to a shocking end. “For those of us still trying to sort out the tragedy of Chris Cornell’s death comes this loving look back at the man’s life and music. I wrote my own book about grunge, and I still learned a lot from this excellent biography.” —Mark Yarm, author of Everybody Loves Our Town: An Oral History of Grunge

An Inside View into the Dark Side of a Music Icon He was the King of Pop, a superstar without equal, the idol of millions of young people around the world. But was Michael Jackson also a sexual predator without equal, someone who preyed on the very fans who adored him? Bad is the revelatory untold true story of the strange and larger-than-life career of Michael Jackson, the King of Pop. In the wake of the controversial two-part documentary Leaving Neverland, which told the stories of two young boys who were befriended by the singer and have claimed they suffered years of agonizing abuse, Dylan Howard set out to investigate Jackson’s life and death in unprecedented depth, to determine—as one lawyer suggested—that the pop star ran “the most sophisticated child sexual abuse procurement and facilitation operation the world has known.” After all the highly publicized trials and unfounded accusations, stunning new information has finally come to light: irrefutable evidence that one of the best-known, best-loved figures in the world was a monster behind closed doors—a foul-mouthed, abusive, drug-sodden freak whose deeds and the reasons for those deeds are revealed now for the first time. A dramatic narrative account based on dozens of interviews, Howard shares Jackson’s own riveting personal journal—obtained exclusively for this book—interviews with family members, multiple first-person sources—some of whom have asked to remain anonymous—as well as thousands of pages of court documents. What he uncovers is a man who was both naive and Machiavellian, unorthodox, a devoted father, shrewd businessman, and drug addict whose life was cut short but whose sound and style have influenced artists of various genres and
generations. Remarkably though, in death, there remains two portraits of Michael Jackson: the
reigning King of Pop, and a pedophile whose pattern of abuse ruined his reputation. Fans and
individuals alike will forever be asking if the insidious claims being made about MJ are true.
This is the new narrative and the sad legacy of one of the best-selling music artists of all time.
Here is his life story, told for the first time with stories and testimony that will leave you shaken.
